

LET'S GO FISHING!

BREAM FISHING TIPS Q&A

1. Bream can be tricky to catch because:
 - A. There are so few of them
 - B. They are nervous and flighty
 - C. They live in very deep water far out to sea
 - D. Their mouth is incredibly tiny

2. Bream can grow to at least:
 - A. 50cm in length
 - B. 15cm in length
 - C. Half a tonne
 - D. The size of a sheep

3. What size sinker should you use when bait fishing for bream?
 - A. The biggest and heaviest you can buy
 - B. One about the size of an orange
 - C. The lightest you can get by with
 - D. It doesn't really matter

4. "Circle hooks" are good because:
 - A. They are very cheap to buy
 - B. They're extra shiny, so you don't need to use bait with them
 - C. They are much easier to tie onto your line
 - D. They mostly hook fish in the corner of the mouth

5. The best lures for bream are:
 - A. Made from cheese
 - B. Less than 10cm in length
 - C. Over 10cm in length
 - D. Bright pink
